

November 18, 2008

To our Family of Distributors,

Our first conference call took place yesterday evening during which several of the recently occurring events were brought to light including our initial soft launch for Fountain of Life and our flagship product VaNu.

I would like to take the opportunity to highlight some key items:

**BUSINESS CARDS**

Business cards are now available to order online at -

<http://www.digitalweb2print.com/cindex.asp?u=vanu&p=vanu101>

We encourage you to log in, register and order one of the three designs available. We would request that you use our FOL branded cards to keep consistency with all distributors.

**DISTRIBUTOR KITS-KIT ITEMS**

We now have distributor kits available for pick up at Will Call and for delivery, the kits are receiving great reviews and these tools are helping distributors promote their Fountain of Life distributorship.

We are also offering for purchase additional kit items. If you need additional product brochures, applications, retail receipts, wealth management brochures, DVD's or more, these items can now be purchased individually or in full kits and at volume discounts. Please contact Customer Relations at [CustomerRelations@FountainofLifeInc.com](mailto:CustomerRelations@FountainofLifeInc.com) or call 817.310.0096 to order these additional tools to build your business.

Additionally we will be offering gift wraps for the upcoming holiday season. These wraps will be decorative, each with matching bows and will highlight our bottle beautifully. What better gift to give to friends, family and business colleagues than the gift of health. These wraps will be available for purchase over the next 7-10 days.

I am currently working on several initiatives, which will help our distributors build their businesses. We have a number of press releases that will be emailed and listed on our PRESS tab at [www.FountainofLifeInc.com](http://www.FountainofLifeInc.com). Please plan to frequent yourself to this area of our corporate site and look for these exciting news articles.

Respectfully,

Warren Nugent  
President
